Dear Parent/Guardian

Staffordshire University will be delivering a 'Creative Career' workshop at Windsor Park on Monday, 19th June for all Year 8 pupils. This is a fantastic opportunity for pupils to find out about where creative education can take them. They will be discussing course options in higher education, which include Art, Product Design, Engineering and the careers that these courses can lead to.

As a school we are proud to be able to offer our pupils such a diverse range of subjects, taught by specialist teachers. As Head of Art I am enthusiastic about creativity and although every child may not be planning a career in this area the workshop will still be hugely beneficial to the pupils.

Relating the subjects that pupils study in school to the outside world and opening their eyes to future possibilities is extremely important and exciting. The workshop will show pupils how Art, Design Technology, Maths and Science are all encompassed within the creative careers.

Yours sincerely

Miss McKenzie
Head of Art
