15 January 2018

Dear Parents/Carers

I am delighted to announce that Windsor Park Middle School will once again be taking part in the NSPCC Number Day, which will be held this year on Friday, 2<sup>nd</sup> February. This event was a massive success last year, with students raising money for a very good cause whilst enhancing their mathematical skills. This year promises to be equally successful.

Students will spend the day working on a range of mathematical challenges, puzzles and activities, all of which we be linked to the subjects they are studying. There will also be an assembly to raise awareness of the work carried out by the NSPCC.

In order to raise funds for this worthwhile charity, we ask that students who wish to take part wear non uniform which has a link to numbers. There was an impressive display last year which included dice, jockeys, football kits and creations involving numbers that were personally important to students. For this privilege, we ask that students make a donation to the charity; the suggested amount is £1, but we are sure that they will be very grateful for any amount that you feel you can give.

Students who do not wish to dress up are still welcome to make a donation. However, if your child chooses not to wear an outfit linked to numbers, then we will expect them to wear their normal school uniform. Last year we were delighted to have raised £254.37, we hope to beat that total this year.

Yours sincerely

Mrs J Bailey  
Assistant Headteacher
