

Local Government Planning Authority Architects Plans

Instructions:

As architects – Look at the characteristics sheets: ‘What are the features of an Earthquake Proof building?’.

- a) Choose 5 features you would like to incorporate into your design.
- b) Choose 3 ideas you think you should avoid using in your design.

As building contractors - you have 20 minutes to build a model of your design ready for testing!!

- c) One member of your team (Project Manager) must complete this planning sheet ready to be submitted with the model in 20 minutes time!
- d) Complete tasks 1-3...

The 3 features we will **avoid** in our design are:

- 1.Feature:.....
Reason:.....
.....
.....
- 2.Feature:.....
Reason:.....
.....
.....
- 3.Feature:.....
Reason:.....
.....
.....

Building Name:

Design Team:

What are the five features you are incorporating into your design? Why do you feel this will help your building be more earthquake proof?
