

## Home Learning Instructions

<b>Subject:</b> Art year 5	<b>Week commencing:</b> 12/10/2020
<b>Objectives:</b>  To create an exciting name page demonstrating understanding of the colour wheel and variations of font.	
<b>Learning activities (in order to be completed):</b>  Ensure that the <b>orientation</b> of your paper is <b>landscape</b> .  Start off by drawing your full name in large <b>font</b> letters (font is what is commonly referred to as bubble writing!). The letters <b>MUST</b> be large (I would recommend a minimum of 4cm in height). Your first name should sit directly on top of your last name, you can look at the uploaded example to guide you. You can also use a ruler if you would like to make sure your letters are extremely neat and uniform in size and style.  Once you have drawn your name neatly outline it in a black pen to make sure it stands out when the colour is applied. Next, divide your page in half <b>vertically</b> , and then draw a long straight line from the top left corner to the bottom right corner, then the same from the top right to bottom left. Your paper should now be divided in to 6 sections. (You can skip this step completely by printing off the worksheet).  You must now place the 3 <b>primary</b> colours (red, blue and yellow) and the 3 <b>secondary</b> colours (purple, orange and green) in the correct sections of the wheel and colour them in neatly using pencil crayons. Leave your font white so that it stands out against the colour wheel background.
