

The Seven Continents

Land and Water

- The Earth is mostly water
- $\frac{3}{4}$ of the Earth is covered in water
- The big bodies of water on Earth are called oceans
- The large pieces of land on Earth are called continents

Seven Continents

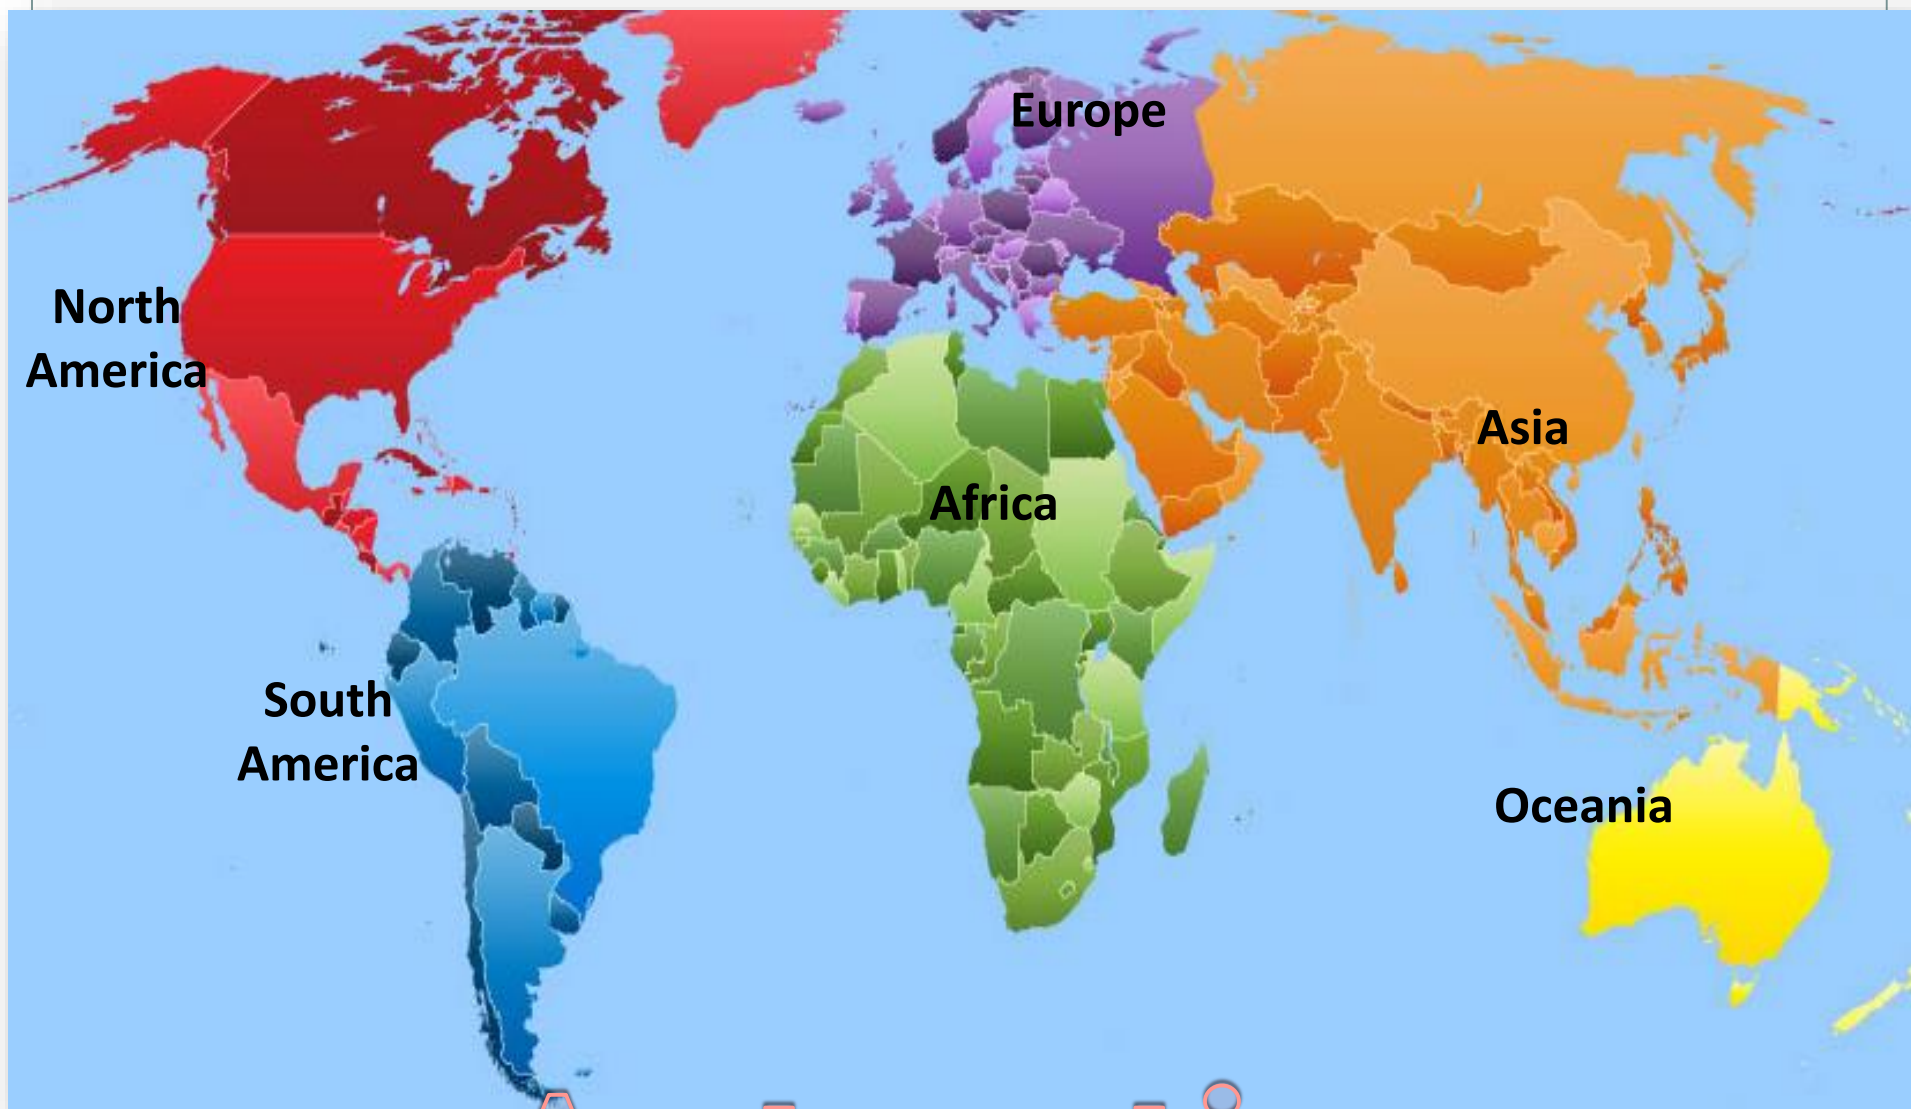

- North America
- South America
- Europe
- Asia
- Africa
- Oceania
- Antarctica

This is our **Continental Poem** we hope it did amaze ya!

Antarctica
Arriving in Antarctica, it's really cold it's true

Antarctica

Continental Poem

Using 7 different coloured pencil crayons, colour each continent in, like shown above.

Map Skills...

- Each of you should have a world map that is similar to the one below:

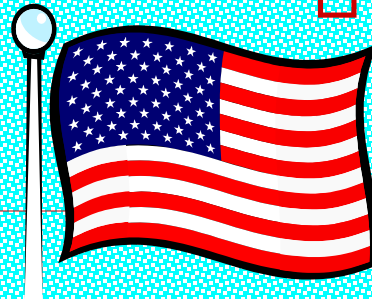

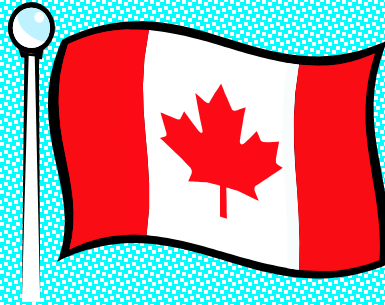

Using your planner

China
France
Mexico
Germany
South Africa
Japan
Canada
Australia
New Zealand
Kenya
USA
United Kingdom
Brazil
India

Extension; name the 3 rivers and as many oceans/seas as possible.

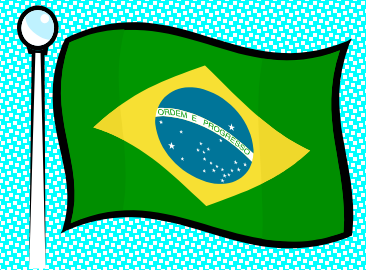

North America

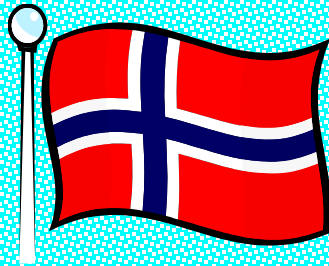

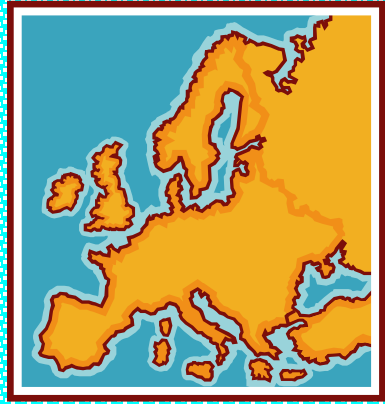

- ☐ North America is cold in the north and warm in the south
- ☐ Buffalo live in North America
- ☐ People in North America came here from many other continents
- ☐ The USA, Mexico, and Canada are the three biggest countries in North America

South America

- ❑ South America is a warm continent
- ❑ People there speak mostly Spanish
- ❑ The biggest country is Brazil, where people love to play soccer
- ❑ The Amazon rainforest is in South America

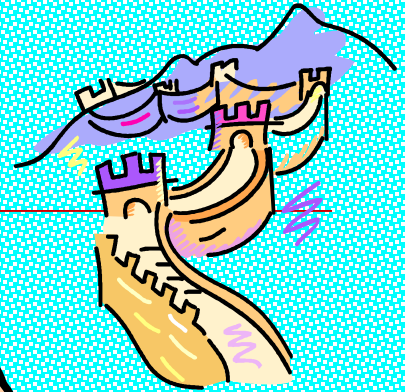

Europe

- ☐ This is the continent we live on
- ☐ There are 47 countries in Europe
- ☐ People in Europe speak over 50 languages!
- ☐ The weather in Europe is similar to North America – cold in the north and warm in the south

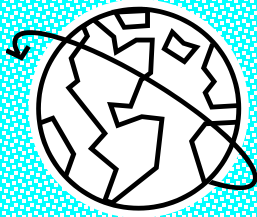

Asia

- ❑ Asia is the biggest continent, and it has the most people – it is very crowded in some parts of Asia!
- ❑ China is one very big country in Asia
- ❑ Giant Pandas live in China and eat bamboo
- ❑ A cool place to visit in Asia is the Great Wall of China – it is the largest structure ever built by man

Africa

- ☐ Africa is a very hot continent because the equator runs through the middle of it
- ☐ Lions live in Africa
- ☐ Most people in Africa have dark skin and hair
- ☐ The Egyptian pyramids are in Africa

Oceania

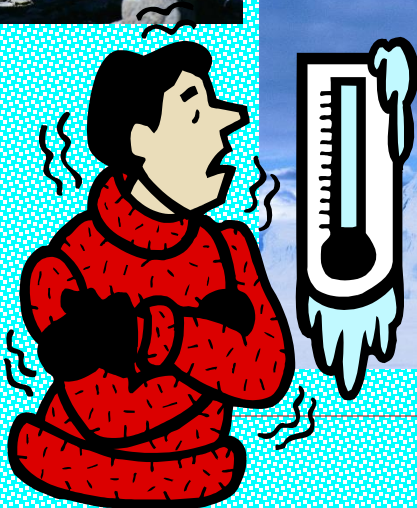

- ❑ Oceania is an island continent
- ❑ The largest country in Oceania is Australia
- ❑ Native people in Australia are called Aborigines
- ❑ Other people in Australia are related to criminals sent from Europe long ago
- ❑ Kangaroos, koalas, and platypuses live in Australia
- ❑ The Great Barrier Reef is in Australia
- ❑ The weather in Australia is the opposite of our weather

Antarctica

- ❑ Antarctica is the coldest continent and is known as the white continent
- ❑ No people live in Antarctica, but some scientists visit to study the weather or animals there
- ❑ Many kinds of penguins live in Antarctica

What have you learned? Get ready to take a quiz!

1. How many continents are there?

A. Four

B. Six

C. Eight

D. Seven

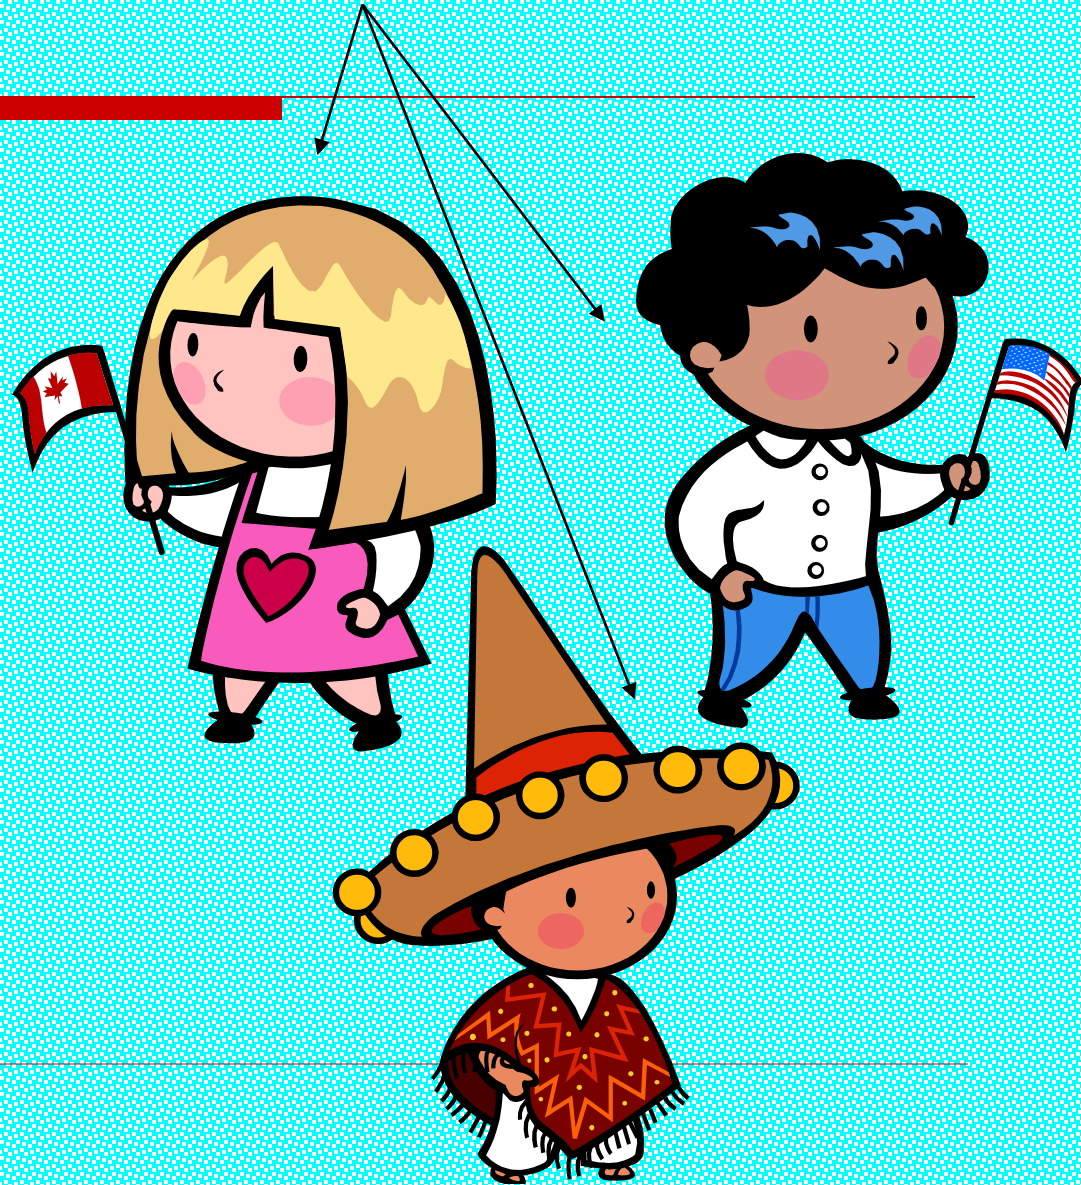

2. What continent do we live on?

A. South America

B. North America

C. Africa

D. USA

3. Which is the largest continent?

A. North America

B. Australia

C. China

D. Asia

4. Which continent would you visit if you wanted to see the Amazon rainforest?

A. Asia

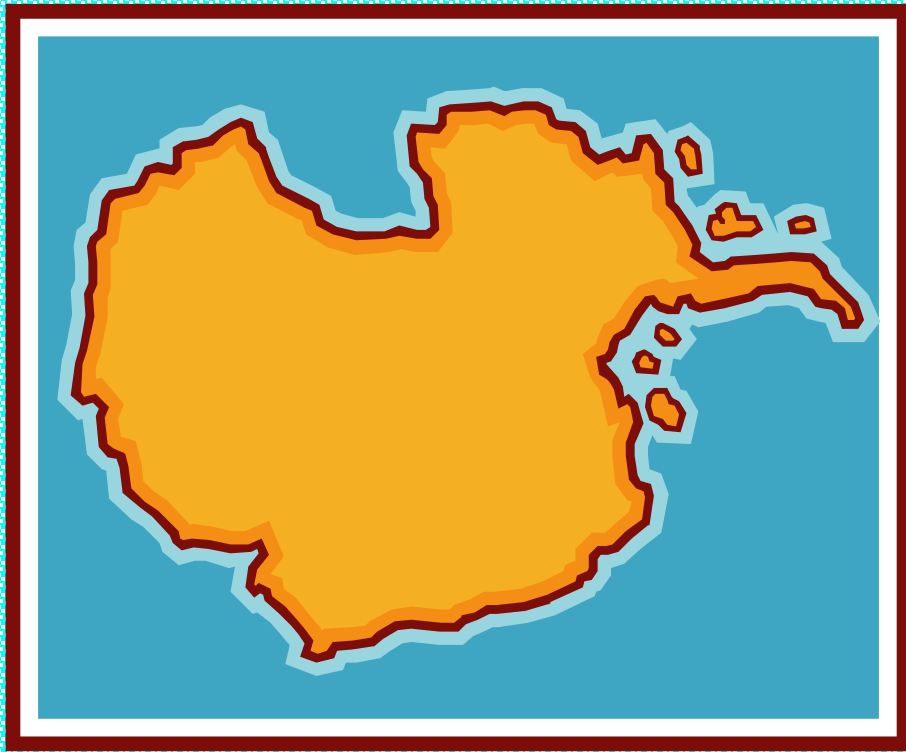

B. South America

C. Africa

D. Antarctica

5. Why are there no people living in Antarctica?

- A. It is too hot
 - B. It is too far away
 - C. It is too cold
 - D. It is a boring place
-

6. How much of the earth is covered in water?

A. Half

B. Three Quarters

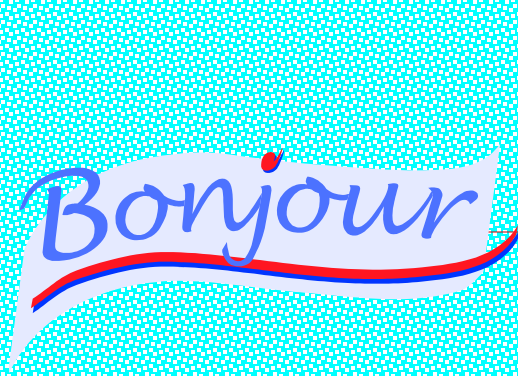

C. None

D. A quarter

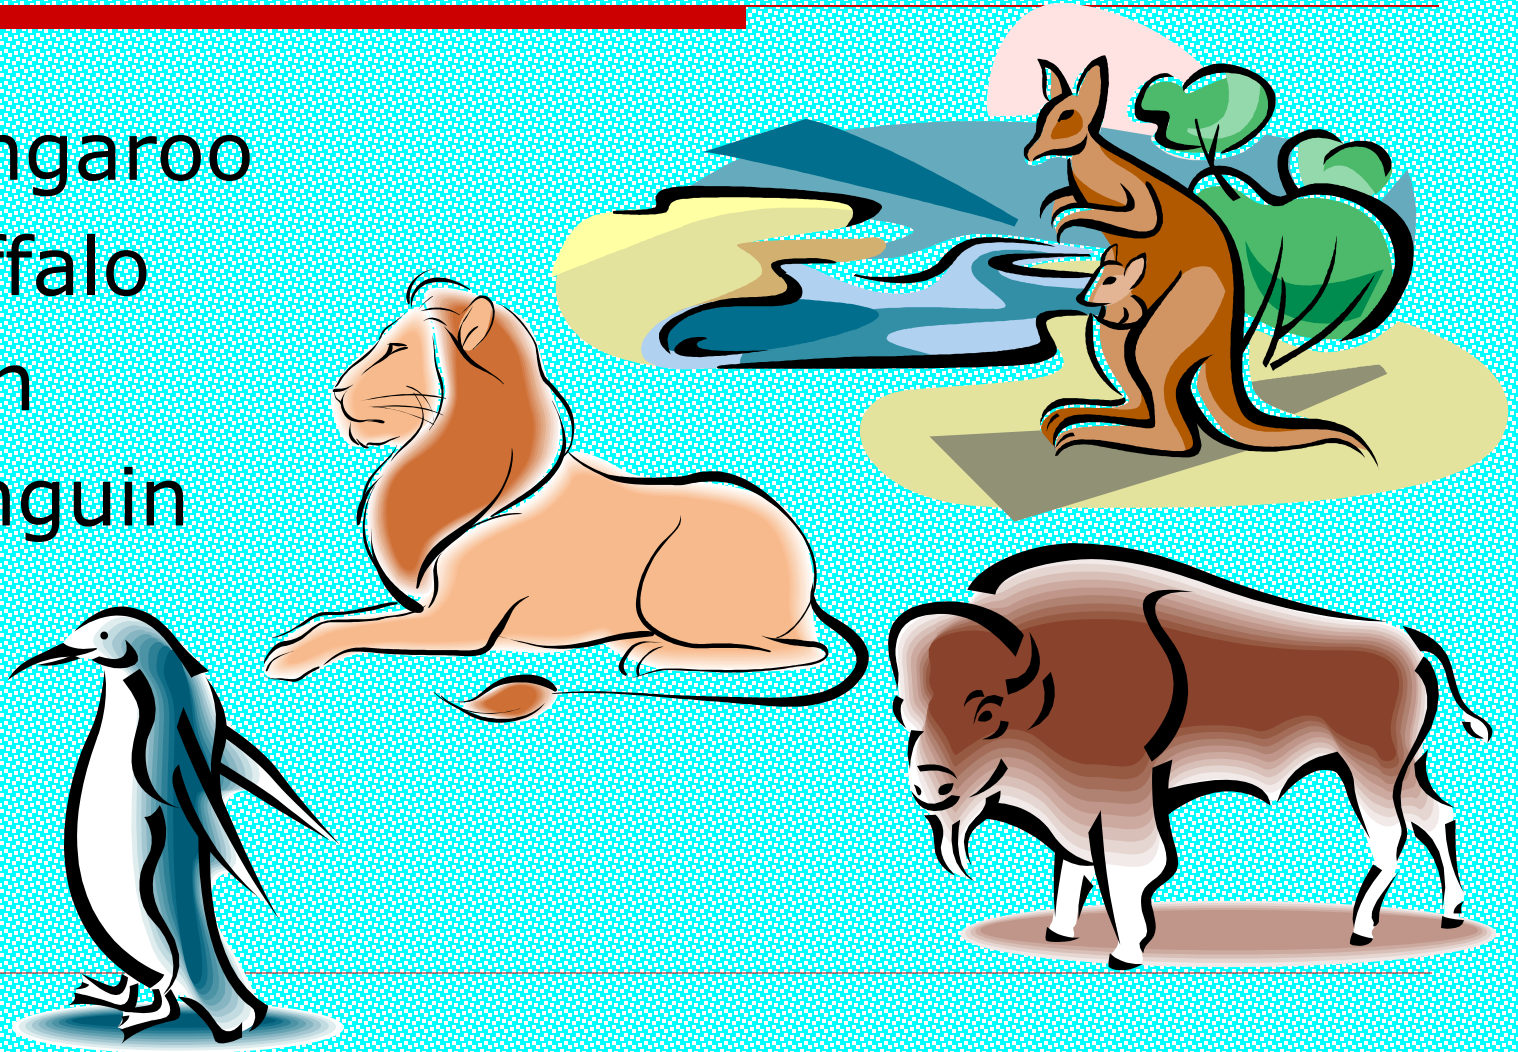

7. Why are there so many different languages spoken in Europe?

- A. People there don't like each other
- B. There are almost 50 countries and many have their own language
- C. Everyone there speaks English
