Home Learning Instructions

| Subject: Art year 5 | Week commencing: 12/10/2020 |
|---------------------|-----------------------------|
| | |

Objectives:

To create an exciting name page demonstrating understanding of tints and shades, along with variations of font.

Learning activities (in order to be completed):

Ensure that the *orientation* of your paper is *landscape*. This weeks task will follow all of the the same steps as last week, it will be the colour application that differs.

Start off by drawing the words '*Tints & Shades' font* letters (font is what is commonly referred to as bubble writing!). The letters MUST be large (I would recommend a minimum of 4cm in height). The word 'Tints &' should sit directly on top of 'Shades', you can look at the uploaded example to guide you. You can also use a ruler if you would like to make sure your letters are extremely neat and uniform in size and style.

Once you have drawn the wording neatly outline it in a black pen to make sure it stands out when the colour is applied. Next, divide your page in half *vertically*, and then draw a long straight line from the top left corner to the bottom right corner, then the same from the top right to bottom left. Your paper should now be divided in to 6 sections. (You can skip this step completely by printing off the worksheet).

You must now apply 6 *shades*, 1 shade per section. Leaving the lettering white. The shades are darker and tints are lighter (see *tints and shades* example). It is best to apply the colour with black and grey pencil crayon, as a drawing pencil is not suitable for large areas of colouring.

Resources:

Year 5 Art example

Colour wheel template (optional)

Pencil

Ruler

Black and Grey colouring crayons

Key vocabulary:

Orientation: How your paper is set out.

Font: 'Bubble writing' - drawing letters to they can stylised/coloured in. **Vertically:** Top to bottom/ Where the top is directly above the bottom.

Tints: A mixture of a colour with white. *Shades:* A mixture of a colour with black.

When work has been completed, please send to your teacher at tprice@windsorpark.staffs.sch.uk using your school email account.
