

Windsor Park CE Middle School Curriculum Map 2017-2018

Year 5

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Maths	<p>Place Value - Negative Numbers, Roman Numerals.</p> <p>Addition and Subtraction - Mental Maths, Formal Written Methods, Rounding, Solving Multi Step Problems.</p> <p>Statistics.</p>	<p>Multiplication and Division - Multiples and Factors, Square and Cubed Numbers, Prime Numbers, Prime Factors, Composite Numbers,</p> <p>Perimeter and Area.</p>	<p>Multiplication and Division Continued - Mental Maths, Formal Written Methods. Fractions - Compare and Order, Convert Mixed Numbers and Improper Fractions, Basics addition and Subtraction, Basic Multiplication, Convert Decimals to Fractions.</p>	<p>Decimals and Percentages - Order and Compare, Rounding, Write Percentages as Fractions and Decimals, Problem Solving using FPD equivalents.</p>	<p>Decimals - Use all four operations to problem solve with decimals.</p> <p>Geometry (Shape and Angles) - Identify 3D and 2D representations, Properties of Rectangles, Polygons, Names of Angles, Draw and Measure Angles.</p>	<p>Geometry (Position and Direction) - Identify and describes position following translation or reflection. Converting Units of Measure. Volume.</p>
English	Autobiography – Boy	Contemporary Fiction (R) ‘Street Child’	Explorers - Groups to study extracts from a range of texts based on the topic or study ‘Kensuke’s Kingdom’ to explore the theme.	Wolf Brother	Exciting Places - ‘Around the World in 80 Days’ (pre 1914)	Contemporary Novel - ‘The Hobbit’
Science	Intro to Science - Introduction to science skills	Materials - Sorting materials according to their properties,	Separating - Using a range of separating techniques such as,	Changes - Investigation, comparison and	Earth and space - Looking at the movement of	Life cycles - Looking at the life cycles of a number of living things

Windsor Park CE Middle School Curriculum Map 2017-2018

	such as use of equipment. Forces - Investigating and explaining the science behind forces.	selecting the best materials for different uses, comparison of the properties of solids/liquids/gas,	filtering, chromatography, evaporation. Comparing solubility of a range of substances, and the science behind why things dissolve.	explanation of physical and chemical changes.	the Earth, Sun, Moon to cause day and night and the planets of the solar system.	including, mammals, amphibians, insects, birds. Looking at types of reproduction in plants and animals.
French	All about me - Personal details including family and birthdays etc. in preparation for our Baseline test.	EN FORME - Healthy eating and exercise	LE CARNAVAL DES ANIMAUX - pets, animals, descriptions, colours, instruments.		VIVE LA FRANCE! - days of the week, sports, activities, geography of France, artists and writers	
History	It's all Greek to me - Pupils will look at a variety of features of Ancient Greeks society such: Alexander the Great, Greek Myths and the Olympics as well as some of the impact that they have had on us.		What did the Romans do for us? - The beginnings of Rome, The Roman Army, Julius Caesar, The Benefits of the Empire.		What is History? Pupils will look at key skills such as: Chronology Key Features Interpretation Significance Historical enquiry (source skills)	
Geography	Where in the World are we? Pupils will start by focusing on their own area (including school and town) and then gradually move to a national and then global level to understand where places are and key words associated with describing areas.		Map Skills - Pupils will learn to read a map by understanding scale, map symbols, and 4 and 6 figure grid references.	Wild Weather - Pupils will research a particular country and look at the weather and how this affects it.	Fantastic Places - Pupils will look at some of the significant physical and human geographical sites around the world. These include: The Taj Mahal, Victoria Falls, Great Wall of China and The Northern Lights	

Windsor Park CE Middle School Curriculum Map 2017-2018

Computing	Using the school network, Basic Word skills, Using the Internet, E-Safety.		Graph Paper Programming, Programming Codes, GSP Transformations and Coordinates.		Excel: Roman Numerals, Graphing, Simple Operations, Mean, Mode, Median, Range	
RE	What are religions?	God 2b.1 David, Isiah and John	Incarnation 2b.8	Salvation 2b.6	Hinduism	Creation/Fall 2b.2
PE-Boys	Football - Introduction to Football and basic skills. Alternative / competition based games	Tag Rugby - Introduction to Tag Rugby and basic skills. Fundamentals of basic actions and fitness.	Basketball - Introduction to Basketball and basic skills. Dance – Professional dance instructor coming in from Burton Albion.	Hockey - Introduction to Hockey and basic skills. Alternative / competition based games.	Athletics - Introduction to Athletics. Following Primary School ESAAF Award Programme. Football - Continue development of basic skills; develop knowledge of positions and rules; game play.	Softball/Rounders - Introduction to Softball/Rounders basic skills. Alternative / competition based games.
PE-Girls	Netball - Introduction to High 5 Netball and basic skills. Dance – KS2 Creative Learning - 'Autobiography / Biography' Theme.	Basketball - Introduction to Basketball & basic skills. Fundamentals of basic actions and fitness.	Tag Rugby - Introduction to Tag Rugby & basic skills. Dance – KS2 Creative Learning	Rounders -Introduction to Rounders and basic skills. Alternative / competition based games.	Athletics - Introduction to Athletics. Following Primary School ESAAF Award Programme. Netball - Continue development of	Hockey -Introduction to Hockey & basic skills. Dance – KS2 Creative Learning

Windsor Park CE Middle School Curriculum Map 2017-2018

	Introduction to the basic actions of Dance. Create group motif.				basic skills; develop knowledge of positions and rules; game play.	
Design	Resistant materials	Textiles Unit - Sock pig	Food technology		Electronics	
Art	Visual Elements - Drawing/Mark-making, Colouring, Painting, Collage	Mini Beasts - Observational drawing, peer assessment, 3d construction.	Hundertwasser - Observational drawing, pattern, colour mixing with paint.			
Learning for Life	Behaviour for learning/Keep on learning, Who am I? Fireworks (safety)/ Halloween	Human Rights and diversity, Red Cross, Animal rights-RSPCA.	Bullying (+cyberbullying), E-safety, body image and media, Table manners.	Citizenship-children's rights and responsibilities, Local environment/community issues	Politics/voting	Health: Growing up/keeping healthy/Diet/Hygiene, First aid
Music	Exploring Rhythms - Samba/Brazil focus. Instruments of the Orchestra	Animals - Understanding/writing notation		Journey into Space - Introduction to Keyboards. Create a class concert.		

Windsor Park CE Middle School Curriculum Map 2017-2018

Year 6

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Maths	Place Value. Addition. Subtraction. Multiplication. Division.	Fractions. Decimals. Percentages. Position and Direction. Coordinate Planes.	Decimals. Percentages. Algebra - formula, sequences	Converting units of measure. Area. Perimeter. Volume. Ratio.	Shapes. Properties of shapes. Angles. Circles. Pie Charts. Mean (average)	Investigations and Consolidation.
English	Contemporary Novel - 'Peter Pan'	Pre-1914: A Christmas Carol (R)	Fantastic Beasts (R +W) - All students to complete extracts from Dracula, Frankenstein, Theseus and the Minotaur, Cerberus and poetry.	SATs prep (R)	Final SATs prep + Wonder (Reading for Pleasure)	Romeo and Juliet – Scrapbook (W) Pieces to cover: context, diary entries, language analysis, building the set, mask design
Science	Classification - Learning to identify the 7 signs of life.	Evolution and inheritance. - Examination of fossils and interpreting fossil evidence to provide information about living things millions of years ago.	Health and fitness - The impact of diet, exercise, drugs and lifestyle on the way the body functions. How nutrients and water are transported in humans and animals.	Light - Investigation and explanation of how light travels, how we are able to see objects, the formation of shadows.	Electricity - Investigating how to build circuits, simple circuit diagrams, how different circuit components work and effect each other and electrical safety.	Cells - Exploring and identifying cell structure, function and adaptations.

Windsor Park CE Middle School Curriculum Map 2017-2018

French	AU COLLEGE (at school) -Pupils learn to understand and produce language for transactional purposes in a classroom and to describe their surroundings at school.		PAYS/NATIONALITES ET MA FAMILLE (Countries, nationalities and family) -Pupils learn to understand and produce language about where they live and come from, their friends, family and pets.			
History	How did life change from 1750-1900? Pupils will analyse the huge changes of the time including the move to the Factory System, Health Care, Education and Transport.		The Mystery of the Staffordshire Hoard - Students learn about Anglo-Saxons.		Where do you think you are? - Students learn about what different source materials tell us about Uttoxeter.	Who were the Tudors? Life for the rich and poor and an in depth look at the Monarchs and challenging stereotypes about them.
Geography	Water on the Land - Pupils will analyse the different features of a river and the effects that they have on people, in particular looking at floods.		Discovering Brazil -Pupils will look at key features of the 5th largest country in the world. They will compare different areas, particularly the rainforest and the cities. They will also look at the impact that the 2016 Olympics will have on the country.		National Parks - Pupils will look at the significance of National Parks and the conflict and issues that can develop from different groups who use them.	
Computing	LOGO Angles		Scratch Programming: Calculators, Missing Angles, HCF		Scratch Programming: Number Strategy Game (Icompute)	
RE	Islam	Incarnation 2b.4	Gospel 2b.5	Salvation 2b.7	People of God 2b.3	Buddhism
PE-Boys	Football - Understanding of formations and continuing skill development. Alternative / competition based games.	Tag Rugby - Development of attacking and defending strategies. Fundamentals of basic actions and fitness.	Basketball - Developing dribbling; passing and shooting skills. Game play. Dance – Professional dance instructor coming in from Burton Albion.	Hockey - Build on prior learning. Principles of attack and defence. Positional awareness. Alternative / competition based games.	Athletics - Build on prior learning/ experience of Track and Field. Follow Primary Award Programme. Football - Continue development of attacking and defensive play; game play.	Softball/Rounders - Build on prior learning knowledge of basic positioning and rules; game play. Alternative / competition based games.

Windsor Park CE Middle School Curriculum Map 2017-2018

PE-Girls	Netball - Principles of attack and defence; knowledge of rules and positions; game play. Dance – KS2 Creative Learning -‘Dances from around the World’ Theme. Create group motif in particular genres.	Basketball - Developing dribbling; passing and shooting skills; game play. Fundamentals of basic actions and fitness.	Tag Rugby - Development of attacking and defending strategies. Dance – KS2 Creative Learning	Rounders - Development of basic skills; knowledge of basic positioning and rules; game play. b	Athletics - Build on prior learning/ experience of Track and Field. Follow Primary Award Programme. Netball - Continue development of attacking and defensive play; game play.	Hockey - Build on prior learning; principles of attack and defence; positional awareness. Dance – KS2 Creative Learning
Design	Resistant Materials & electronics		Food Technology	Resistant Materials	Resistant Materials	Food Technology
Art	Amazing Places - Drawing and pop up construction.	Christmas Carol - Victorian Christmas decorations. Christmas crackers, Christmas cards, Tree ornaments	Fantastic beasts - Collage, observational drawing, collage with mixed media.		Wind in the Willows - Research techniques, design ideas, team work, 3D construction.	
Learning for Life	Behaviour for learning Human Rights and diversity Red Cross Dealing with local and global conflict	Bullying (+cyberbullying) E-safety Body image and media	How I value myself British diversity- racism Table manners	Citizenship- making/breaking rules Pollution	Politics/voting	Health: Growing up/keeping healthy/Diet/Hygiene, First aid

Windsor Park CE Middle School Curriculum Map 2017-2018

	Fireworks (safety)/Halloween					
Music	Israel -Pentatonic scales. Understanding/writing notation inc. Christmas Music	3 beat music - adverts			The Sea - create a class concert	

Windsor Park CE Middle School Curriculum Map 2017-2018

Year 7

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Maths	Number - Place Value, Addition & Subtraction	Number – Multiplication & Division	Number - Fractions 1	Statistics 1, Number – Negative numbers	Algebra 1	Geometry – Lines & Angles
English	Contemporary Novel - Private Peaceful/ Cirque de Freak	War Poetry (R)	Pre-1914 Novel - Dracula/ Treasure Island	Villains in Shakespeare (W) - Focus on character, theme, narrative, structure (GCSE lit. skills) and language	Heroes (W) - Writing unit based on used extracts from texts around heroes. All students to complete 6 pieces of creative writing.	Titanic (Non-fiction Unit) - GCSE Language reading skills using the Titanic as a topic, studying non-fiction texts.
Science	Reproduction - Learning about reproduction in humans, the reproductive organs, fertilisation, gestation and birth. Energy - Identifying the different types of energy and energy changes.	Particle theory - Looking at the particle arrangements and behaviour in different states of matter. Transfers - Investigating and explain the transfer of heat energy through conduction, convection and radiation.	Chemical reactions - Investigating a number of chemical reactions such as combustion, oxidation, and decomposition. How to change the speed of a reaction, and writing word and symbol equations for the reactions.	Acids and Alkalis - Investigating acids and alkalis, their uses, and reactions including neutralisation.	Electricity and Magnetism - Investigating current, voltage and resistance in series and parallel circuits. The cause and effects of static.	Environmental relationships - Studying the interaction of species in a habitat, food chains, food webs, predator prey cycles, and adaptations.
French	LES MATIERES ET L'EMPLOI DU TEMPS (subjects and timetables) -		MES PASSE-TEMPS et LA METEO (hobbies and weather) - Pupils understand and		OU HABITES-TU? (Where do you live?) -	MES VACANCES (my holidays) - Pupils

Windsor Park CE Middle School Curriculum Map 2017-2018

	Pupils understand and produce language about daily life at school.		produce language about their hobbies, interests and the weather. They give opinions and describe what others do.		Pupils understand and produce language about the area that they live in, describing their house and what is in it.	understand and produce language about holidays, shopping, food and drink.
History	How did Civilisation first begin? Project based look at the Neolithic Revolution.	Why did William win the Battle of Hastings? A look at the reasons why William Duke of Normandy became the King of England in 1066.	Did the Norman Conquest change everything? In depth look at the development of castles, the Domesday Book and the Feudal System	What were Medieval people afraid of? Pupils will analyse the different features of Medieval society including the Church, Black Death and Peasants' Revolt.	Why did people go on long journeys in the Middle Ages? Understanding of travel in the Middle Ages and reasons for it such as trade, pilgrimage and the Crusades.	
Geography	Weather and Climate - Pupils will look at features of Weather and Climate and how we are all affected by them. We will focus particularly on natural hazards and how they can be overcome.		The Rise and Rise of China - Pupils will learn more about the key features of China and compare different areas. They will look at its population and decisions made by the Chinese government to deal with this. They will also look at the impact that it is having on the world regarding its economy and how that may affect other countries as well as our own.		Cool to be Green - This module will look at sustainability and how more can be done to protect the world we live in. It will also analyse the problems facing us in doing this.	
Computing	Web Awareness and how the web works.		What are computers?		Game Control	
RE	Judaism	God 3.1	Incarnation 3.6	Salvation 3.8	Gospel 3.7	Pilgrimage
PE-Boys	Football- Developing on prior learning; Ball skills; Small	Rugby - Transition from Tag to Contact Rugby Union.	Basketball - Continue development of prior learning; Effective decision making;	Hockey - Build on prior learning; Enhance ball skills & control; Game play.	Athletics - Build on prior learning and experience; Perform at maximum;	Softball/Rounders - Development of fielding skills of the different positions;

Windsor Park CE Middle School Curriculum Map 2017-2018

	sided conditioned games. Alternative / competition based games.	Tackling safely and basic rules. HRE - Reasons behind fitness testing; HR monitoring; Fundamentals for life long healthy and active lifestyles.	Shooting and positional awareness. Dance – Professional dance instructor coming in from Burton Albion.	HRE – Different components of fitness and fitness tests.	Accumulating points for performance with ESAAF Secondary Award Programme. Football - A Sport Education Programme allowing students to take on different roles within a sports team.	fielding tactics; game play. Alternative / competition based games.
PE-Girls	Netball - Introduction to 7-aside Netball; develop knowledge of rules and positions; marking & defending; evaluation; introduction to officiating. Alternative / competition based games.	Basketball - Principles of attack and defence; develop knowledge of the rules and positions; introduction to officiating. HRE - Reasons behind fitness testing; HR monitoring; Fundamentals for life long healthy and active lifestyles.	Rugby - Transition from Tag to Transitional Contact; basic rules; tackling; attack and defence. Dance - Create; develop and perform a dance motif; evaluation. Bollywood Dance	Rounders - Development of fielding skills of the different positions; fielding tactics; game play. HRE – Different components of fitness and fitness tests.	Athletics - Build on prior learning and experience; Perform at maximum; Accumulating points for performance with ESAAF Secondary Award Programme. Netball - A Sport Education Programme allowing students to take on different roles within a sports team.	Hockey - Continued skill development; develop knowledge of rules; positional awareness; game play. Football - Development of basic skills; principles of attack and defence; positional awareness; game play.
Design	Textiles -Pugglies		Funky calligraphy pens –Resistant	Project Future technologies	Food Technology	

Windsor Park CE Middle School Curriculum Map 2017-2018

			materials. Plastic welding			
Art	Still Life - Developing observational drawing and different painting techniques. Cultural references and researching artists.	Pattern- Dazzle ships	African Art - Cultural references and researching artists. 3D structure- working with card.	African Art - Cultural references and researching artists. 3D structure- working with card. African patterns – Printmaking.	Still Frame animation - IPADS used in art to capture modelling and take images, IT will edit and add sound, graphics etc.	Cakes - Team work, problem solving, construction, manipulating of materials.
Learning for Life	Behaviour for learning/Keep on learning Personal choices and values Fireworks (safety)/ Halloween	E-safety Body image and media Bullying (+cyberbullying)	Crime Table Manners.	Drugs and alcohol- tobacco and alcohol Alcohol Reduction programme through Entrust	Government and parliament Britain- a diverse society.	Relationships with peers and partners/ physical and mental health/ domestic violence First aid
Music	Elements of Music - inc. Beginner's Keyboard composition. The West Indies		Medieval Music - 3 chord composition - Based on the Blues		Film Music	

Windsor Park CE Middle School Curriculum Map 2017-2018

Year 8

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Maths	Geometry – Lines & Angles	Number – Percentages	Algebra 2	Geometry – Circles & Area	Ratio, proportion & rates of change	Statistics, Geometry – 3D shapes
English	Contemporary Novel - Noughts and Crosses/The Outsiders	Shakespeare - Macbeth	Poetry (R)	Sherlock Holmes (pre-1914) (W)	Writing Unit - Based on extracts/images used as stimulus. Topic based.	Oliver Twist (pre-1914)
Science	Environmental relationships - Studying the interaction of species in a habitat. Inheritance and Genetics - Learning about chromosomes, DNA, genes and the work of Watson and Crick.	Inheritance and genetics continued. Health and fitness.	Health continued. Atoms and the Periodic Table - Looking at the atomic model, and organisation of the periodic table including common elements and their symbols. Patterns of Chemical Change - Investigating the reactivity of elements and displacement reactions.	Light and sound Investigating the properties and behaviour of light and sound waves. Forces Identifying a range of forces and the use of force diagrams to represent force size and direction. Calculation and effects of moments, pressure, speed, and relative motion.	Space - Investigating, comparing and calculating gravity, weight and mass on other planets. How the seasons are caused and the motion of the Earth, Sun and Moon in relation to each other. Looking at astronomical distances, the Sun, stars and the galaxy	Plants and Photosynthesis - Understand the process of photosynthesis, its importance in sustaining life on Earth and plant adaptations to maximise photosynthesis.
French	Tenses - Pupils learn how to communicate in both the past and future tenses by	A LA MAISON (at home) - Pupils understand and produce language about telling the	LES MALADIES (illnesses) - Pupils understand and produce language	LA NOURRITURE (Food) - Pupils understand and produce language about food, drink,	PARIS - Pupils use the past tense to recount, in detail, a trip to Paris.	LES RESERVATIONS (making plans) - Pupils understand and produce language about arranging a stay

Windsor Park CE Middle School Curriculum Map 2017-2018

	understanding and producing language about their likes and dislikes, hobbies and past times.	time, helping around the house and chores. They operate in up to three tenses.	about the body and illnesses.	shops and quantities. They order in a cafe and understand the range of shops available in France		in a French speaking resort. They book accommodation, ask about facilities and activities.
History	How and why did Kings lose power? Starting in the 16th century pupils will look at part of the Tudor era and the power controlled by these Monarchs. They will then move over events that changed this such as the Gunpowder Plot before analysing the causes of the English Civil War.	How and why did Kings lose power? Following this theme pupils will then analyse the causes of both the French and Russian Revolutions and compare them.	Was the British Empire really a force for good? Pupils will analyse what the British Empire was and the effect that it had on the world.	Was the British Empire really a force for good? Looking at the Slave Trade and evaluating what the conditions were really like on the plantations.	Independent Research Project - Pupils will choose an event, person or theme between the years 1950-2015. They will then use their own research to produce a project and include a bibliography of their sources.	
Geography	Geography of Crime - Pupils will analyse the causes and effects of Crime as well as looking at places where it is more likely to happen.	Who are we? A look at the movement of people, to and from different places, especially looking at our own country. We will focus on the	Africa -An analysis of this huge continent, its key features and its development. We will also challenge common misconceptions and	Risky World - Pupils will understand the causes and effects of natural hazards such as volcanoes and earthquakes and how we can try to protect ourselves against them.		

Windsor Park CE Middle School Curriculum Map 2017-2018

			issues, both positive and negative that this can bring.	compare the countries in this continent to each other and our own.		
Computing	Grand designs		E-Safety	Extended Project		
RE	Sikhism	Creation 3.2	Fall 3.3	Wisdom 3.5	World Views	People of God 3.4
PE-Boys	Football - Sport Ed; Tactics; Formations and positioning; Officiating. Alternative / competition based games.	Rugby - Rucks; Mauls; Positioning; Game play and officiating. HRE - Reasons behind fitness testing; HR monitoring; Fundamentals for life long healthy and active lifestyles.	Basketball - Lay ups; Fast breaks; Outlet balls; 3 man. Dance – Professional dance instructor coming in from Burton Albion.	Hockey - Sport Ed; Conditioned game play; officiating; tactics. HRE – Different training methods.	Athletics - Build on prior learning and experience; Perform at maximum; Accumulating points for performance with ESAAF Secondary Award Programme. Football - A Sport Education Programme allowing students to take on different roles within a sports team.	Softball/Rounders - Batting tactics; bowling tactics; evaluation; officiating. Alternative / competition based games.
PE-Girls	Netball - Principles of timing and space; attacking & defending tactics and set pieces; officiating. Alternative / competition based games.	Basketball - Attacking and defensive tactics; principles of timing and space; officiating. HRE - Reasons behind fitness testing; HR monitoring;	Rugby - Introduction to rucks and mauls; positioning; game play. Dance - Create; develop and perform a dance motif; evaluation. Cheerleading.	Rounders - Batting tactics; bowling tactics; evaluation; officiating. HRE – Different training methods.	Athletics - Build on prior learning and experience; Perform at maximum; Accumulating points for performance with ESAAF Secondary Award Programme. Netball - A Sport Education Programme	Hockey - Attacking and defensive tactics; game play; officiating. Football - Further development of basic skills and knowledge of the game; officiating;

Windsor Park CE Middle School Curriculum Map 2017-2018

		Fundamentals for life long healthy and active lifestyles			allowing students to take on different roles within a sports team.	
Design	Industry Linked project-textiles	Ergonomics and Anthropometrics - Graphics	Graphics- Product and POS	Smart Materials Morphing grids to avoid stereotypical responses to the brief C.A.F.E.Q.U.E Isometric Orthographic	Food Technology	TAHS Transition Booklet
Art	Recycled/Reuse- Hats (Pair work) - Looking at environmental issues. Nationally and the world. Using old materials pupils will develop 3D structures and origami to construct a sculptural head piece.		Still Frame animation - IPADS used in art to capture modelling and take images, IT will edit and add sound, graphics etc.	Identity/Portrait - Portrait of their own 'hero' using four different art techniques.	Identity Tag - Identity tag with self-portrait in the style of Quentin Blake.	Identity Self-portrait collage
Learning for Life	Behaviour for learning/Keep on learning Self-esteem and self-awareness Fireworks (safety)/ Halloween	E-safety Body image and media Bullying (+cyberbullying)	Crime Table Manners.	Drugs and alcohol-tobacco and alcohol Alcohol Reduction programme through Entrust	Sexual relationships, Sexual health and contraception First aid	Careers Transition
Mus	5 Chord composition - Africa - Vocal music and rhythms		Pachabel - Ground bass composition - 20th Century Music Inc. Impressionism v. Modernism and Jazz		Song Writing
