## Introduction

Windsor Park Middle School has a statutory duty to provide Careers Education, Advice and Guidance to our secondary aged students (The Education Act 2011 / Careers guidance and access for education and training providers, Jan 2018). However, we believe that a quality careers provision should be available to all our students. Therefore, our plan sets out provision for students in years 5-8. Our aim is for all students to achieve their personal best. In early careers education, this translates as every student knowing themselves, their likes and dislikes to help inform their future choices. As students progress through our school, careers education will increasingly focus on the choices they will face and how to approach them. We will support students in making well-informed decisions by providing access to differentiated, impartial and independent information and guidance about the range of options (including academic, vocational and apprenticeships) that are most likely to help them to achieve their ambitions. We will also work with colleagues at our main High School to ensure that the careers provision across KS3 is one which prepares our students for the future.

There has never been a time when careers guidance has been as important for young people as it is today. The landscape of education, training and employment opportunities that students need to navigate is more complex and more challenging than that faced by previous generations. The raising of the age for participating in learning means that young people face a wider range of choices of courses and places to study. Students need help to make choices and manage transitions: to do this effectively they need good quality careers education, information, advice and guidance. This Careers Plan sets out how the School provides a fit for purpose careers programme which will provide our students with the knowledge, inspiration and ability to take ownership of their own futures which will enable them to succeed in their chosen career paths.

We will help our students develop high aspirations and consider a broad and ambitious range of careers. We hope that by inspiring every pupil through more real-life contacts with the world of work, they will be able to put in context other areas of their education and increase their motivation to learn.

A formal Careers Programme is in place indicating the importance of employability, careers & enterprise education. The careers programme is clearly linked to the School Development Plan. The school Careers Plan is based on the DfE document Careers guidance and access for education and training providers (Jan 2018) and the Gatsby Benchmarks.

In light of the recent Covid-19 pandemic, this plan will set out what we hope to achieve. However, all plans are pending government guidance and must take into account what is safe and advisable to do. Therefore, some elements may not be able to be delivered, whilst others will need to be amended or delivered via a different medium. The careers Lead will be able to give more specifics for those who require them.

### **Aims and purpose**

- Prepare students for the transition to the next stage of their education and for life beyond compulsory education (higher education and the world of work).
- Support students in making informed decisions which are suitable and ambitious for them.
- Provide students with well-rounded experiences.
- Develop enterprise and employability skills including skills for self-employment
- Support inclusion, challenge stereotyping and promote equality of opportunity
- Develop characteristics e.g. social skills, communication, innovation, resilience and leadership which support students in the curriculum and in their careers.
- Inspire and motivate students to develop their aspirations.

### **Team Roles and Responsibilities**

To maintain and run an effective Careers Programme the Academy has an identified CEIAG Team:

Jodie Bailey –Deputy Headteacher/Careers Lead (DipCEG)

- Provision of a planned CEIAG programme / development of annual careers plan
- Monitor CEIAG provision and take up of careers guidance
- Establish, maintain and develop relationships with employers, FE, HE, training and apprenticeship providers
- Liaise with tutors, Head of Years, SENCO to identify and support students with careers guidance
- Promote careers across the curriculum; liaise with PSHE lead and directors of subject to plan careers education
- Lead in house training / CPD for staff
- Brief and support staff involved with delivery of CEIAG
- Maintain own CPD
- Review and evaluate CEIAG (Quality assure CEIAG)
- Report to SLT and Governors on CEIAG
- Advise SLT and Governors on policy, strategy and resources for CEIAG

## Kjersti Bould – Strategic Lead for Personal Development, Behaviour and Attitudes

- Schemes of work for careers education within PHSEE
- Collection, analysis and tracking of destination data
- Establish, maintain and develop relationships with employers, FE, HE, training and apprenticeship providers
- Liaise with tutors, Head of Years, SENCO to identify and support students with careers
- Brief and support staff involved with delivery of CEAIG

### **Subject teachers**

- Integrate careers into the curriculum
- Engage with careers CPD

### **All teaching staff**

- Link curriculum areas to careers
- Support the development of employability skills
- Promote progression routes within their curriculum area
- Develop external links to support careers within curriculum areas

## The Gatsby Benchmarks

Windsor Park Middle School's careers plan supports the achievement of the eight Gatsby benchmarks:

### **Benchmark 1: A Stable Careers Programme**

*Every school and college should have an embedded programme of career education and guidance that is known and understood by Students, parents, teachers, governors and employers.*

### **Benchmark 2: Learning from Career and Labour Market Information**

*Every Student and their parents should have access to good quality information about future study options and labour market opportunities. They will need the support of an informed adviser to make the best use of available information*

### **Benchmark 3: Addressing the Needs of Each Student**

*Students have different career guidance needs at different stages. Opportunities for advice and support need to be tailored to the needs of each Student. A school's careers programme should embed equality and diversity considerations throughout.*

### **Benchmark 4: Linking Curriculum Learning to Careers**

*All teachers should link curriculum learning with careers. STEM subject teachers should highlight the relevance of STEM subjects for a wide range of careers paths.*

### **Benchmark 5: Encounters with Employers and Employees**

*Every Student should have multiple opportunities to learn from employers about work, employment and the skills that are valued in the workplace. This can be through a range of enrichment activities including visiting speakers, mentoring and enterprise schemes.*

### **Benchmark 6: Experiences of Workplaces**

*Every Student should have first-hand experience of the workplace through work visits, work shadowing, and/or work experience to help their exploration of career opportunities, and expand their networks.*

### **Benchmark 7: Encounters with Further and Higher Education**

*All Students should understand the full range of learning opportunities that are available to them. This includes both academic and vocational routes and learning in schools, colleges, universities and in the workplace.*

### **Benchmark 8: Personal Guidance**

*Every Student should have opportunities for guidance interviews with a careers adviser, who could be internal (a member of school staff) or external, provided they are trained to an appropriate level. These should be available whenever significant study or career choices are being made. They should be expected for all Students but should be timed to meet their individual needs.*

### Programme

The careers programme at Windsor Park Middle School uses the CDI Framework which is based around three areas:

#### **Self-Development**

Developing through careers, employability and enterprise education. Students understand themselves and influences on them.

#### **Careers Exploration**

Learning about careers and the world of work. Students investigate opportunities in learning and work.

#### **Career Management**

Developing your career management and employability skills. Students make and adjust plans to manage change and transition.

### Key Stage 3

As a middle school, our main focus at Key Stage 3 is on Self-Development and Careers Exploration as many of the outcomes under the heading of 'Developing your career management and employability skills' are more applicable to older learners. However, we work closely with our feeder High School to ensure that students receive a well-rounded careers education programme over the course of KS3 and beyond.

Self-Development			
Outcome	Rationale	Learning Outcome	Learning Activities/Opportunities
Self-awareness	Individuals who realistically appraise their qualities and skills, roles and responsibilities, values and attitudes, needs and interests, aptitudes and achievements are better able to understand themselves, make informed choices and relate well to others. Self-awareness is essential for nurturing self-esteem, identity and mental well-being.	Describe yourself, your strengths and your preferences.	<ul style="list-style-type: none"> <li>Art Y8</li> <li>Spr 2 – self-portraits 6 lessons</li> </ul>
